The Mentorship Role

* indicates a required field

Each artist who receives a Focus with Passion Grant is matched with a Mentor, someone who will develop an understanding of their Project Objectives, their field of artist pursuit and is a person who can provide the Grantee with support, guidance and a good dollop of wisdom. Mentoring involves more than just support; it can also help the Mentee avoid unnecessary upset, manage distraction and even provide a little tough love when needed.

Critically, partnering the right Mentor with the right Mentee is our goal, the reason we've asked you to complete this questionnaire. Our Mentorship Coordinator will use this information to determine which grantee would be a fit with the knowledge and skills you are able to bring to the Mentoring Partnership. Once this partnering process commences, we will keep you abreast of developments so you have plenty of time to prepare for the what promises to be an exciting and stimulating adventure!

It's anticipated, a Mentoring role will last between 3 and 6 months - the typical Grant Provision period. During theMmentor / Mentee matching process you will be given a copy of the Mentee's Grant Application.This Document will provide you with a better idea of what's expected of you in the Mentoring role. If you decide the Mentoring period is too long, or the mentoring requirements are outside your area of compentancy, let us know so we can find you a better Mentor / Mentee match.

This role is voluntary, which is an aspect of this request you may wish to consider when deciding whether or not to join the Focus with Passion Mentorship Program.

If you are uncomfortable with managing the mentorship process using technology this way, could you please advise us so we can ensure you're partnered with a Mentee who is more face-to-face oriented.
